

## BENEFITS

There are several benefits to online giving for both you and the church.

## FIRST FRUITS

In Proverbs 3:9 we are taught to honor the Lord with the “First Fruits” of our labor. By setting up a recurring contribution that is scheduled to come out of your account on the day you specify, you can ensure that your First Fruits are given back to God.

## SIMPLICITY

You will not need to remember if you gave this month or to send in your offering checks when you are out of town.

## SECURITY

Online giving is more secure than giving with a check in that an electronic gift can't be lost or stolen.

## NO DISTRACTIONS

Instead of needing to worry about writing your contribution check during the service, you can be fully engaged with the worship service, knowing that you have already given your offering.

## HELPING TRINITY

Online contributions require less processing from our administrative staff since the information is logged and deposited automatically.

*Each man should give what he has decided in his heart to give, not reluctantly or under compulsion, for God loves a cheerful giver.*

Keeping your information and contribution secure is a top priority to us.

At Trinity Church, we use an online database called Fellowship One. Their system allows us to provide access to your contribution records and allows you to make donations online. They provide all of the security for the system. This system is used by churches throughout the country and has been fully tested by them.

Your information is held securely by the Fellowship One system. This information will remain private and will never be given away to third parties, other than to process your scheduled contributions.
